

Adcote School's girls have achieved excellent A Level results in science, technology, engineering and maths.

Many continue their **STEM** studies at universities such as **Oxford University**, **University of Cambridge**, **Imperial College London** and many other **Russell Group Universities**.

Over **50%** of students got **A*/A** in **A Level maths** and further maths. Three quarters of AS maths students gained **A** with **many achieving 100/100** on individual units

With only girls in the classroom and on the sports field, both **intellectual** and **physical confidence** can grow. Every girl has **every opportunity to become a leader**, a form captain, a Head of House. They learn not just how to shoulder responsibility, but also how to take risks, **inspire and lead others**.
