

# UNIVERSITY SUMMER EXPERIENCE

## DESCRIPTION

University Summer Experience offers international participants ages 14 – 18 the opportunity to come tour the University of South Florida, INTO USF and the surrounding Tampa Bay area. You will practice your English language skills while attending language workshops, USF department visits, educational field trips, conversation partner meetings, and recreational events.

Attending our University Summer Experience, you will become familiar with university life as you will live and interact with students and faculty at USF's Tampa campus. You will have access to university facilities and public transportation (via the USF BullRunner shuttle and Tampa public buses) during your stay, as well as access to in-residence counselors.

## FEATURES

- Fun, interactive English workshops designed to give participants a chance to develop confidence in using English through challenging projects involving reading, problem-solving and critical thinking.
- Opportunity to practice English with Americans through weekly recreational events, and conversation partners.
- Visits to USF departments to experience lectures, participate in hands-on activities and tour facilities (i.e. engineering and science labs, USF Health, art studio, athletics). Meet and interact with USF professors and students.

"This program has great diversity of nations and cultures. The opportunities to interact with American High School students and to have fun on campus as well as in Tampa are great. It has been helpful for me to discover college life as an international student. I am now a USF student and couldn't be happier!"
