*"I chose the IB Diploma over the other pre-university programs because of its prestigious reputation and it gave me the freedom to choose which university I would select for my tertiary studies. I really appreciated the attitude of TKIS staff – they were very kind, tolerant and helpful. Whenever students faced problems understanding something, the teachers would try their best and take the time to explain it until students get it!"*

 presently studying in second year, Bachelor of Accounting and Finance at the University of Manchester (UK)
