

New pathway from September 2016

MPharm (Hons) Pharmacy

A highly-ranked course taught by experienced practitioners in our modern laboratories, our MPharm is the first step in an exciting career in the healthcare system.

Why study Pharmacy at the University of Portsmouth?

This course provides a sound understanding of science, pharmaceutical knowledge and application to underpin professional practice. Simulated practice and placement activities also feature throughout the course giving you a fully integrated learning experience. Our aim is to enhance your learning and experiences through the use of innovative technologies.

- Practise profession-specific skills on medical mannequins and experience clinical situations in a safe and supportive environment.
- Use our modern laboratories and state-of-the-art facilities.
- Gain first-hand experience through our realistic clinical scenarios, including use of our fully stocked model dispensary.
- This course is accredited by the General Pharmaceutical Council (GPhC).
- Ranked 21st in the UK for Pharmacy and Pharmacology†.

Career prospects

Employers tell us that they want graduates to be able to demonstrate certain skills when they come out of university. Our course takes account of this. We make sure we prepare you for employment through work-related learning, projects, placements and working in simulated environments that are designed to prepare you for the working world. Here are just some of the career routes our graduates have pursued:

- Clinical Trials
- Drug development and formulation
- Marketing
- Pharmacist
- Regulatory affairs

- Study at a Top 50 UK University*
- Portsmouth is just 90 minutes away from London by direct train
- Great coastal location with some of the best weather in the UK
- Two intakes: January, September
- £12,200 for Stage 1 (Foundation)

Entry requirements for Stage 1 pathway leading to the MPharm

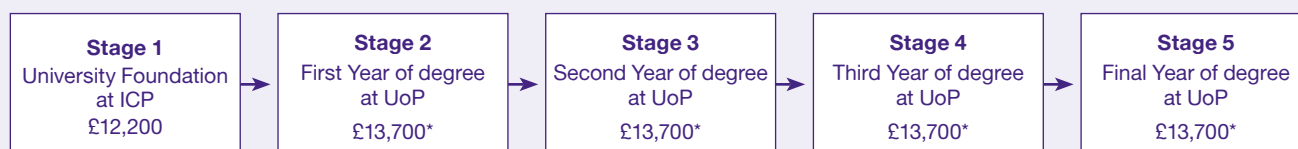

Country	Entry requirements (Foundation)
China	Completion of Senior Middle 2: minimum 70%
GCC States (Bahrain, Kuwait, Oman, Qatar, UAE)	Completion of Tawjahiya/Thanawiya: minimum 60% average
Hong Kong	Successful Completion of Form 5 with an average of 40–55% (depending on school's banding) in Form 4 and Form 5
Kenya	KCSE/CSE: Five passes
Malaysia	SPM: Three passes with a minimum of Grade D
Nigeria	SSCE (WAEC/NECO/NABTEB): Five passes at minimum D7
Tanzania	IGCSE/CSE: Minimum Five passes or equivalent
Vietnam	Completion of Year 11: GPA 6.5 or completion of Year 12: GPA 4.0
UK education system	GCSE: Five passes
Zimbabwe	Zimsec/GCE O levels: Five passes

To attain entry, you must demonstrate you have suitable level of English proficiency of IELTS 5.5 (with a minimum of 5.5 in all components) for Foundation. We offer Pre-sessional English courses as well. For the full list of entry requirements and for information on our Pre-sessional English course, please visit port.ac.uk/icp.

All students will need to demonstrate competency in both Maths and Chemistry to be considered for this course. Students should also be aware that the grades required to progress to Year 1 from Foundation are higher for the Pharmacy course modules than for the other articulations in the Science pathway.

Structure of the course

* Stated University of Portsmouth fees are a guide only and are subject to change. For the most up to date fee listings please visit port.ac.uk/fees. All ICP course fees may be subject to review. Current fees are listed at port.ac.uk/icp.
